Hours of Employment

This position shall be scheduled using a 91 hour per 12-day work period as authorized under the FLSA. Career Lieutenants are assigned to a 48/96 shift schedule.

The Fire District

Benton County Fire District #6 (BCFD6) is located in South East Washington state approximately 10 miles South of the Tri-Cities (Kennewick, Richland and Pasco) along the scenic Columbia River. Our department responds from 3 fire stations to protect 277 square miles of rural land. Our two ambulances service a response area encompassing approximately 490 square miles in two counties. Many of our total calls for service are medical related. The resident population of BCFD6 is approximately 1000; however, due to the nature of the industries and abundant farming in our district, the population during the summertime period is much higher and varies throughout the year.

Each year BCFD6 has seen a drastic increase of traffic on our roadways and major Interstate highways. Although we are rural our district contains several key facilities and locations. Some of these key areas are: thirty (30) miles of US Fish and Wildlife scenic wildlife preserve along the Columbia River; the US Corps of Engineers McNary Dam; three Bonneville Power Administration high energy transmission lines; Williams Pipeline bulk storage facility containing 2.5 billion cubic feet of natural gas; four major Williams Pipeline high flow transmission lines serving Spokane,

Seattle and the West coast; thirty miles of BNSF railroad; seven miles of Interstate 82; twelve miles of State Route 221; twenty-seven miles of State Route 14; and hundreds of square miles of cultivated agricultural property including one of the largest wineries in the world, Columbia Crest, that has one million square feet under one roof. All of these industries are expanding at an enormous rate.

BCFD6 provides fire and ALS/BLS ambulance coverage to our District as well as coverage to two neighboring Fire Districts through an Automatic Aid Agreement (Klickitat County Fire District 10 and Benton County Fire District 5). We work closely with our neighboring EMS and Fire agencies. Mutual aid is received and given to the Tri-Cities area when needed through a County wide Mutual Aid Agreement.

Benefits

- 4 year (5% per year) Step Increase Program
- Accrued vacation and sick leave
- Employer Paid Medical, Dental and Vision for spouse and family including a District funded VEBA account
- WA State Retirement Plan participation

Application

Due Date – December 14, 2020 by 5:00pm
